

Participate in the Creation Care Voter Pledge

What is the Creation Care Voter Pledge?

United Church of Christ churches across the nation, and in particular in the Southern New England UCC conference (CT, MASS, RI) urge church member and friends to participate in the Creation Care Voter Pledge “to pledge to be a consistent voter, and to always prioritize voting for candidates that prioritize caring for God’s creation.”

Why?

- Voting is one of the most powerful tools we have as people of faith.
- Voting enables your caring values to impact other people’s lives.
- Voting matters in ALL elections because politicians pay attention to the priorities of people who vote.
- The climate crisis is interconnected and influences ALL issues that people of faith care about, i.e., inflation, racism, immigration, healthcare, voter repression, and our collective future.

How can you participate in Creation Care Voter Pledge?

Simply click on the link below on your computer, tablet, or phone:

<https://www.sneucc.org/creation-care-voter-pledge>
